To Whom it May Concern:

I highly recommend Samuel Snopko as a candidate for employment. Samuel was employed by Gratex International, a.s., as an Business Developer from february 2013 - march 2014 on various international insurance project. Before this period he worked for our company as Business Analyst from november 2010 - october 2012 mainly on government and insurance projects. During the period of 3 months from october 2012 - february 2014 he was working for our subsidiary company, Gratex International AUST Pty Ltd, in Sydney Australia, where his tasks were to spread the internal knowledges and to create product specification for customer.

Samuel has no problem to speak english, which he has proved on various international projects. In addition, he learns very fast, he is reliable, creative and a good team player. Samuel can work independently and is able to follow through to ensure that the job gets done. As a Business Developer he had no problem to adapt to new technologies as GIT, MongoDB, Groovy or JavaScript. He also has experiences with Java, Spring, AJAX and REST. As Business Developer he worked mainly on the business backend of the application, but also developed few things on the framework.

As Business Analyst he produced various documents using the UML2.0 and BPMN. He had no problem to design GUI using the MS Visio and to discuss the various problems on projects.

Samuel would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,
